the form sender

Preamble

- The shareholders that have not done any transaction in the last two years, whose shareholding accounts have been blocked, are required to refer to Central Securities Depository of Iran (CSDI) to get the unblocking the problem of blocked transaction activities resolved.
- If the application form filled out is sent by 12 p.m., then resolving will be carried out by the end of the following working day; otherwise, it will be done within two working days.

Documents

The birthday certification and national card scanned copy of the natural securities-owner– the scanned copy of the official foundation notice in an official newspaper and the latest changes in the legal signatories’ representative of the legal entities owning securities

If the request is represented by the delegate of the securities-owner, in addition to the above-mentioned documents, the scanned copy of birthday certification and national card of the representative/guardian along with the scanned copy of the representation/tutelage documented is also required.

If the securities-owner is a legal entity, in cases when the legal signatories do not refer in person, then the representative of the entity can refer in person having a document officially stamped and signed by the legal signatories of the entity to get the process done.

For the overseas securities-owners, presenting the signature certification document from the embassy, council or the protecting power offices of Iran in the residency country is mandatory.

If the personal information of the securities-owners differs from what exists in the post-trade system, then correction will be carried out based on the official regulations.
